

# Rosa Daloiso

In 1995, Rosa Daloiso began her professional career at Exprivia S.p.A. She initially dealt with SW project development, rising up the technical ranks to fill the role of Project Manager.

In 2002, she looked after the creation and management of the Exprivia Quality Management System, certified in compliance with the UNI EN ISO 9001 standard.

In 2006 she took the helm of the Quality and IT Systems unit, achieving important goals both in terms of company certifications (ISO 14001, UNI

EN ISO 13485, UNI CEI ISO/IEC 20000-1 and UNI

CEI ISO/IEC 27001), as well as in terms of IT systems for company processes.

From 2008 to early 2013, she also filled the role of Internal Auditor and from 2008 to 2017 she was a member of the BoD of Exprivia S.p.A.

In 2019 she became manager of the Corporate Services unit for Exprivia.

Born in 1966, she is married with 2 children and has a degree in Computer Science from Bari University..
