

Statement by the President and Ceo of AISoftw@re

Milan, 19th December 2000

In order to refute certain rumors in the market, I declare to the investors, that I have faith and continue to have faith in our Company and that my family and I didn't sell any AISoftw@re shares already owned before the Nuovo Mercato IPO. I strongly believe in the Company's potential and, for this reason, I don't have the intention to sell any AISoftw@re shares for a long time.

I confirm that we are continuing positively the strategic and acquisition plans already announced at the time of the August 2000 IPO.

Prof. Francesco Gardin

President and Ceo of AISoftw@re

AISoftw@re

AISoftw@re Spa - founded in 1983 and with a consolidated value of production in 1999 of Euros 11,882 million - is a company specialised in the development of decision-supporting knowledge processing and data intelligence technologically innovative Internet and Intranet solutions. Its technical expertise in proprietary products distributed on reference markets positions AISoftw@re as a leading company in medical imaging, advanced software systems and financial market software solutions.

AISoftw@re has been listed on Easdaq since 23rd November 1999, and on Nuovo Mercato since 1st August 2000, and has started a programme of growth based both on international expansion and aggressive recruitment, acquisitions and equity investments in software companies working in the area of Internet applications development.
